Miss Alma A. Exner of New York City was united in marriage to Mr. Ernest M. Mead, better known as "Speed" from South Chicago. The couple met while the groom was in the U. S. Navy and she was a canteen worker for the boys in service. They were escorted to Crown Point by officer and Mrs. Harry Parker, the men having been pals for the past seven years and where the license was secured. Upon their return to Whiting, they drove to the home of Rev. John Bopp of the St. John's Lutheran church where the knot was tied. Following the ceremony a dinner was given at the groom's home, 9918 Escanaba avenue, South Chicago, Ill.

An operetta, "The Indian Princess" will be given at the H. S. Auditorium on Friday night of this week under the direction of Miss Curry and Miss Toombs of the Music Department. The Physical Education Department will give some folk dances under the direction of Miss Laggett.

## Reducing Our Stocks \$150,000 In June

It is a stupendous undertaking and a task which is very seldom practiced here and only made possible for the fact that it is important to empty our stockrooms by July 1st to make room for new and fresh summer merchandise. It is our aim to get stocks down to a bed rock basis and in order to accomplish this aim is to make price reductions more sensational than ever before. Consequently the savings will be greater—which you cannot afford to overlook.

THE SPECIAL SALE PRICES WILL BE MADE ON ARTICLES THROUGHOUT THE STORE AND EACH WILL REPRESENT BUT LITTLE MORE THAN WHOLESALE PRICE TODAY—THUS THE SAVINGS IS YOU WILL

# PICKING A WINNER

Our Opening Sale at Morris Park Saturday and Sunday was indeed gratifying because it showed that the people of Hammond can see Real Value when it is offered to them. We had buyers who lived here when Hammond only consisted of a few scattered houses and we had buyers who had only lived here a short time, but all of them from the old-timer to the new-comer agreed that this is the way the city is growing and must grow and that the lots in MORRIS PARK, offered as they are at pre-war prices of only \$265 to \$375 for an improved city lot with sidewalks, sewers and alleys, positively is the best buy anywhere in the whole Calumet region.

## NOW READ THIS! Every Person Who Came Out to Morris Park Satur- day and Sunday Bought One, Two or More Lots

This is a record that we don't think ever has been equaled in all the history of Hammond Real Estate. We still have some lots left to sell, amongst them some of the very finest in the entire subdivision, but you must hurry up and come quick because these lots will not last very long at such low prices.

Remember, MORRIS PARK is immediately adjoining beautiful Columbia Park and that the big graded school—Columbia School—is right on the tract. Be a man and do the decent thing that you should do and start to invest and save a little money for your own and your family's sake. Only \$10.00 down and \$5.00 per month—truly there is nobody in Hammond that could not save \$5.00 a month. Figure it out yourself—not even 17 cents per day. Be a decider—the man who hesitates gets nowhere. The poor-houses are full of people who once earned good money but spent it all without thinking about the future.

It is not so much a question of how much a man makes that will shape his future—it is how much he saves and puts to work for him out of what he earns that makes one man well fixed and another poor.

The old proverb says: "That the way to hell is paved with good resolutions"—BUT the way to poverty and the poorhouse is paved for you if you don't turn a new leaf and start to save while you are still able to earn money.

We have a reasonable building restriction to insure you nice surrounding homes, but we give you the privilege of building a small temporary home on the back of the lot where you can live and save rent until the present high prices on building material come down. Then you can build a large home in front and rent the temporary home out or use it as a garage. Opportunity is knocking at your door—be wise and take advantage of it and big fat profits will be yours long before you finish paying for your lot.

**Chase Out the Germs of Rheumatism**

Untold Suffering Caused by Tiny Pain Demons.

Just because the pangs of your rheumatism seem to diminish as warm weather approaches, do not make the serious mistake of feeling that you are about to conquer this disabling disease.

Under no circumstances should you let up in your efforts to combat this affliction, but you would be wise, rather, to redouble them, and take advantage of the favorable season to rout the disease germs from the system.

The best time to successfully combat the germs of Rheumatism is during the mild season while they are less active, and will respond more readily to the right method of treatment.

And this is why you should not lose the opportunity of a thorough, vigorous course of treatment during the summer months. Many victims of Rheumatism indulge in the delusion that they are at last free from the clutches of the disease simply because they feel little or no discomfort during the mild season.

But with the first approach of cool, damp weather next fall, you will find that the little pain demons will gradually become aroused from their summer slumbers, ready to renew their attack with increased fury. The best time to rid the system of the germs of rheumatism is while they are dormant and inactive, because they are less able to resist the counteracting influence of the proper treatment.

What, then, is the logical, sane

and intelligent treatment for this most painful and torturing disease?

Rheumatism is a sturdy foe, and it never uses gentle methods with its victims. If the disease were confined to the surface there might be some logic in expecting relief from its clutches by rubbing with liniments and lotions. But a disease that can cause so much pain and suffering is deep-seated, and has its source far below the surface of the skin.

The only sensible treatment from which you can expect results is a remedy that goes deep down into the blood supply, and kills the germs that cause the disease.

S. S. S. is a wonderful blood remedy, and is the logical treatment for Rheumatism, because it promptly permeates the entire blood supply, and searches out and kills the disease germs. You can take S. S. S. with the assurance that you are not experimenting, for this fine old remedy has been in constant use for more than fifty years, during which time it has been giving splendid results. So you owe it to yourself to take S. S. S. without delay, and discard the use of local treatments that can do you no good.

By eliminating from the system the tiny germs that cause Rheumatism you will be delighted to find that you have at last freed yourself from the shackles of the disease.

**Firestone**

We think every article we put up for sale is A-No. 1 in quality.

But, if for any reason it fails, we urge that you bring it at once to our attention.

If it doesn't meet your standards, it won't meet ours.

And incidentally it's a whopping big concern that backs the tires we sell, and both make good. That's why we sell Firestone.
